

Step-by-step procedure to sync the ez-link card at AXS Machines

1. Select "**Services**" and followed by "**EZ-Link**".
2. Choose "**Update ez-link card**" for the top-up service.
3. Place your ez-link card on the contactless card reader above the pin pad.
4. Check and confirm your remote top-up details. Press "**Update**" to update the value to your ez-link card.
5. Update is successful.
